# preventing overdose

*You can do a lot to reduce the chance of overdose.  
Here are some tips.*

## overdose risk factors

---

### mixing drugs

- Taking more than one drug can increase the risk of overdose
  - Taking opioid drugs with alcohol or benzos can slow your breathing and heart rate. This reduces the supply of oxygen to your brain.
- ✓ **Tip:** Try only taking one drug at a time. Learn about half-life and tolerance for the drugs you use.
- 

### changes in tolerance or using more

- If you've taken a break from using drugs (detox, rehab, jail, using less), your tolerance can drop quickly.
  - Changing your supplier means purity levels may be different to what you are used to.
- ✓ **Tip:** Be aware: try a small amount first.
- 

### health problems

- Health problems make it harder for your body to deal with drugs.
  - Examples include problems with your heart, lungs, kidney or liver. Infections and dehydration can also increase your risk.
  - Older users may have accumulated health problems.
  - Tobacco smokers may have reduced lung capacity.
- ✓ **Tip:** Look after your health. Get a health check-up and act on any concerns.
- 

### using alone or in an unfamiliar place

- You're more likely to die if no one can get to you or no one knows where you are.
- ✓ **Tip:** Don't use alone. But if you do, tell someone you are about to use, and arrange to check in with them a few minutes later. Think about where you're using. If you drop, will you be found?

## injecting drugs instead of swallowing or snorting

- Injecting drugs increases your risk of overdose because less is needed to achieve the same effect.
- It's a lot harder to predict the dosage amount when injecting.

✓ **Tip:** Consider other ways of taking drugs. If you do inject, test a small amount first.

---

## don't assume pharmaceuticals are less risky

- Some pharmaceuticals are a lot stronger than illicit drugs. Fentanyl can be 80 to 100 times stronger than morphine – and the risk is further increased when using multiple drugs.

✓ **Tip:** Only use one substance at a time, and don't assume pharmaceuticals are safer.

---

## history of overdose

- If you've overdosed in the past, you might have damage to your kidneys, liver or brain. This increases your risk of future overdose.

---

## children or others accidentally taking opioids

---

### keep out of reach of children

Accidentally taking pharmaceutical or illicit opioids can lead to serious harm and may be fatal. Keep all opioids out of the reach of children and make sure take-away doses of medicines are locked away (e.g. in a cupboard, drawer, cash box or safe).

If someone accidentally takes opioids, don't delay. Ring 000 straight away, tell them what's happened and follow their direction.

## WHAT IS IT?

The U.S. Department of Labor established the Federal Bonding Program (FBP) in 1966 to provide Fidelity Bonds for “at-risk,” hard-to-place job seekers. The bonds cover the first six months of employment. There is no cost to the job applicant or the employer.

Thousands of employers across the country have integrated the Federal Bonding Program into their hiring practices — industries that support our country’s economy — hospitality, retail, construction, transportation, auto repair, manufacturing, healthcare, banking, tourism and more. The Federal Bonding program has placed over 50,000 at-risk job seekers into employment through bonds. This unique hiring incentive tool targets individuals whose backgrounds can pose significant barriers to securing or retaining employment including:

- Justice-involved men, women and youth
- Individuals in recovery from substance abuse
- TANF recipients
- Individuals with poor credit records
- Economically disadvantaged youth and adults with little or no work histories
- Individuals dishonorably discharged from the military

## WHO WE SERVE

### Employers

The mission of the Federal Bonding Program (FBP) is to give employers the peace of mind that you can safely provide all individuals job opportunities with limited risk.

The FBP helps to reduce barriers for justice-involved individuals, as well as others who have difficulty securing employment and getting their lives back on track builds strong, healthy communities.

### Job Seekers

Each year, justice-involved men, women, and young adults return home to restart their lives unfortunately to ridicule, discrimination, and hostility. No wonder annually, America’s 600,000 returning citizens are experiencing an uphill battle that most times leads to recidivism. Many of the instances involve repeat, non-violent offenses to lack of access to education, health/mental care, treatment, housing, training, and employment.

The Federal Bonding Program can help those facing barriers to employment by providing fidelity bonding for the first six months on the job with the option to be renewed for another month.

Visit us online at:  
[www.bonds4jobs.com](http://www.bonds4jobs.com)

## The Federal Bonding Program

### IT'S SIMPLE

The fidelity bonds issued by the FBP give job seekers another tool to help secure a job. Employers receive the bonds free-of-charge as an incentive to hire these applicants. The FBP was designed to reimburse the employer for any loss due to employee theft of money or property up to \$5,000 during the first six months of a selected individual's term of employment.

#### Accessing the program is easy:

- **NO** application for job seekers to complete
- **NO** forms for employers to submit or sign
- **NO** additional paperwork after the bond expires
- **NO** deductible if employee dishonesty occurs
- **NO** age requirements for the bonded individuals (other than legal working age in State)

#### Fidelity bonds can be applied to:

- **ANY** job
- **ANY** state
- **ANY** employee dishonesty committed on or away from the work site
- **ANY** full or part time employee paid wages with Federal taxes automatically deducted, including individuals hired by temp agencies. However, self-employed people are not eligible for FBP bonds.

*\* Employment offer must be presented to an individual prior to bond being issued.*

## EXPLANATORY INFORMATION

**PURCHASING ORGANIZATION:** Any organization (public or private, nonprofit or profit) that provides job placement services to ex-offenders and other at-risk job applicants and issues the purchased Fidelity Bonds as a job placement tool without charge to any employer or job applicant for the bonds.

Each Bond Unit now costs \$100, regardless of how many bonds are purchased.

The bond units are to be issued over a 24-month period from the date of purchase of the package. Once issued, each unit of bonding provides the employer with 6-months insurance coverage.

**BOND INSURANCE AMOUNT:** Each bond unit provides \$5,000 insurance for employee dishonesty for a six-month period. The number of bond units issued for any specific six-month period is determined by the purchasing organization. Past experience shows that issuance of only one bond unit is sufficient to achieve most job placements. From 1 to 5 bond units can be issued to cover any full or part-time worker who earns wages and whose paycheck reflects automatic deductions for Federal taxes (self-employed persons cannot be covered by these bond units). Therefore, bond amounts issued will be either \$5,000, \$10,000, \$15,000, \$20,000 or \$25,000 (see FIDELITY BOND CERTIFICATION FORM included in GUIDELINES FOR BONDING). Bond units are not transferable from one employer to another.

After the initial six-month period of bonding, the purchasing organization may choose to renew the bond covering the same employee at the same employer who received the original bond. Such renewal will require use of additional bond units and OFFICIAL BOND INSURANCE STAMPS (see FIDELITY BOND CERTIFICATION FORM). However, after the initial six-month period of bonding, if no claim is paid due to employee dishonesty, St. Paul Travelers will make the bond available for purchase by the employer at a regular commercial rate.

The cost of each bond package includes 24 months of technical assistance pertaining to bond issuance, processing, utilization, exemplary practices, policy developments, sample public information materials, etc., as well as the toll-free hotline 1-800-233-2258 to address ongoing needs of service delivery staff of the purchasing organization.

**BOND PURCHASE AND PAYMENT:** Purchase of a bond package can be made by completing the FIDELITY BOND PURCHASE AGREEMENT and returning it to Union Insurance Group, Inc. with either full payment (check payable to Union Insurance Group) or purchase order to be processed by the Company. Purchasers will receive (a) "Official Bond Insurance Stamps" (one for each bond unit purchased) to be affixed to each completed FIDELITY BOND CERTIFICATION FORM to effect issuance of the Fidelity Bond insurance policy to the employer, and (b) an initial supply of materials for implementing bonding services.

Bond issuance to employers can be arranged to be initiated by the purchasing organization on the day that Union Insurance Group, Inc. receives a completed FIDELITY BOND PURCHASE AGREEMENT.

ETA Form 9061 (Rev. November 2016)

**INSTRUCTIONS FOR COMPLETING THE INDIVIDUAL CHARACTERISTICS FORM (ICF), ETA 9061.** This form is used together with IRS Form 8850 to help state workforce agencies (SWAs) determine eligibility for the Work Opportunity Tax Credit (WOTC) Program. The form may be completed, on behalf of the applicant, by: 1) the employer or employer representative, the SWA, a participating agency, or 2) the applicant directly (if a minor, the parent or guardian must sign the form) and signed (Box 25a.) by the individual completing the form. This form is required to be used, without modification, by all employers (or their representatives) seeking WOTC certification.  
Boxes 1 and 2. **SWA.** For agency use only.

Boxes 3-5. **Employer Information.** Enter the name, address including ZIP code, telephone number, and employer Federal ID number (EIN) of the employer requesting the certification for the WOTC. Do not enter information pertaining to the employer's representative, if any.

Boxes 6-11. **Applicant Information.** Enter the applicant's name and social security number as they appear on the applicant's social security card. In Box 8, indicate whether the applicant previously worked for the employer, and if Yes, enter the last date or approximate last date of employment. This information will help the "48-hour" reviewer to, early in the verification process, eliminate requests for former employees and to issue denials to these type of requests, or certifications in the case of "qualifying rehires" during valid "breaks in employment" (see pages III-12 and III-13, Nov. 2002, Third Ed., ETA Handbook 408) during the first year of employment.

Boxes 12-23. **Applicant Characteristics.** Read questions carefully, answer each question, and provide additional information where requested.

*The Protecting Americans from Tax Hikes Act of 2015 retroactively reauthorized current target groups for a 5-year period, January 1, 2015 through December 31, 2019, and extended the Empowerment Zones designations for a two-year period, January 1, 2015 through December 31, 2016. The Act introduced a new target group, Qualified Long-term Unemployment Recipient (LTUR), for new hires that begin to work for an employer on or after January 1, 2016 – December 31, 2019, see Box 23. For guidance see IRS Relief Period in TEGL No. TEGL 25-15 and IRS Notice 2016-22 and 2016-40.*

Box 24 **Sources to Document Eligibility.** The applicant or employer is requested to provide documentary evidence to substantiate the **YES** answers in Boxes 12 - 23. List or describe the documentary evidence that is attached to the ICF or that will be provided to the SWA. Indicate in parentheses next to each document listed whether it is attached (A) or forthcoming (F). Some examples of acceptable documentation are provided below. A letter from the agency that administers a program may be furnished specifically addressing the question to which the applicant answered YES. For example, if an applicant answers YES to either question in Box 14 and enters the name of the primary recipient and the city and state in which the benefits were received, the applicant could provide a letter from the appropriate SNAP (formerly Food Stamp) agency stating to whom SNAP benefits were paid, the months for which they were paid, and the names of the individuals included on the grant for each month. SWAs use this box to list the sources used to verify target group eligibility, followed with their initials and the date the determination was completed.

**Description of Examples of Documentary Evidence and Collateral Contacts. Employers/Consultants:** You may check with your SWA to find out what other sources you can use to prove target group eligibility. (You are encouraged to provide copies of documentation or names of collateral contacts for each question for which you answered **YES**.)

## WORRIED ABOUT SOMEONE?

Listen to them. Don't be afraid to ask them directly what is on their mind and if they are thinking about suicide. Talking about sad things or suicide will not put those ideas into their heads. Actually, most people will feel relief after someone has finally noticed and validated their pain. It is important to remember that most people who think about suicide, do not want to die, they simply want their emotional pain to end. By listening, you may be able to help someone explore safer choices and feel relief.
